

FALL 2016 BRUSH PICK-UP PROGRAM

The Village of Burr Ridge is pleased to report that the Fall 2016 resident brush pick-up program will commence on October 10th this year. This program is intended to provide a service to residents who perform landscaping work on their private property and would like to dispose of the brush. Again this year, brush will be collected by a grapple-claw mechanism and removed to a remote site for chipping. This process will allow the work to be performed more quickly, more quietly, and with less chipping debris on the street. The work will be performed under contract with Kramer Tree Specialists – please ensure that brush conforms to the following requirements as the Village cannot require the contractor to return to a site if it does not comply:

- Branches removed by contractors are NOT accepted. The program is intended to assist residents who perform their own work.
- Branches may not exceed 8" in diameter.
- Branches must be stacked neatly on the parkway, oriented parallel to the street, and 3 feet away from any stationary objects such as trees, mailboxes, fire hydrants, etc.
- Branches must not be tied with string, wire, etc. Branches must be free of wire, staples, nails or metal of any kind.
- Root balls, stumps, lumber, debris, rocks, grasses, or any non-wood material will not be accepted.
- Branches and twigs shorter than 18 inches should be placed in a yard waste bag for removal by your waste hauler.
- Branches must not be placed in the parkway more than three weeks before the chipping program for your area begins.
- Branches must be in the parkway by NO LATER THAN 7:00 AM on the first day of pickup, October 10. Once the contractor has progressed past your street, **they will not be able to return.**

SCHEDULE:

All properties must have brush placed no later than:
Monday, October 10, 7:00 AM

The revised program will allow the brush removal to be performed in an accelerated manner; therefore the Village will not be divided into two geographic regions for service. Service will be provided to the entire Village during the week of October 10 - October 14.
