Leaves, Rains and Drains...Help Keep The Streets and Drains Clear

Fall is definitely here, and with that comes rain and falling leaves. Please remember NOT to rake or sweep your leaves into the street, as **the Village of Burr Ridge does NOT have a leaf disposal program**. Leaves must be bagged and disposed of. Raking leaves into the street can cause drain blockages when it rains and result in flooded streets, yards, and parkways. Please be sure to rake out any blocked drains on your street if you see them. Grass and other yard clippings can also cause drain blockage, so be sure to bag them and dispose of them properly.
