

Protect My Town is a new statewide campaign launched by the DuPage Mayors and Managers Conference. It is designed to allow taxpayers to directly engage their state legislators and Governor Rauner, allowing them to voice their opposition to proposed state cuts to Local Government Distributive Funds (LGDF). The proposed state cuts will affect/cut local services, bring tax hikes, and penalize otherwise fiscally responsible local governments. **To voice your concerns and protest**, go to: **www.protectmytown.us**. A simple three-step procedure will send your letter to Governor Rauner and your state legislators, insisting that they be held accountable!

LOCAL SERVICES AT RISK.

Municipalities rely on the \$1.2 billion Local Government Distributive Fund (LGDF) to provide essential services such as police and fire protection, sewer & flooding protection, road repairs and snow removal.

PREVENT CUTS AND TAX HIKES.

The state is seeking to divert some of the money owed to local communities to pay its deficit. Municipalities are committed to fighting against higher property taxes and painful cuts to front-line services.

HOLD SPRINGFIELD ACCOUNTABLE.

Municipalities have been fiscally responsible throughout difficult economic times – cutting services, reducing government and dramatically decreasing spending to balance their budgets every year. It's time Springfield does the same.
