

VILLAGE OF BURR RIDGE, ILLINOIS

MANAGEMENT LETTER

**FOR THE FISCAL YEAR ENDED
APRIL 30, 2020**

August 31, 2020

The Honorable Village Mayor
Members of the Board of Trustees
Village of Burr Ridge, Illinois

In planning and performing our audit of the financial statements of the Village of Burr Ridge, (the Village), Illinois, for the year ended April 30, 2020, we considered its internal control structure in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control structure.

We do not intend to imply that our audit failed to disclose commendable aspects of your system and structure. For your consideration, we herein submit our comments and suggestions which are designed to assist in effecting improvements in internal controls and procedures. Those less-significant matters, if any, which arose during the course of the audit, were reviewed with management as the audit field work progressed.

The accompanying comments and recommendations are intended solely for the information and use of the Village Board of Trustees, management, and others within the Village of Burr Ridge, Illinois.

We will review the status of these comments during our next audit engagement. We have already discussed many of these comments and suggestions with various Village personnel. We would be pleased to discuss our comments and suggestions in further detail with you at your convenience, to perform any additional study of these matters, or to review the procedures necessary to bring about desirable changes.

We commend the finance department for the well prepared audit package and we appreciate the courtesy and assistance given to us by the entire Village staff.

CURRENT RECOMMENDATION

1. **CAPITAL ASSET POLICY**

Comment

During our current year-end audit procedures, we noted the Village does not have a formal capital asset policy to provide guidance on the financial aspects and stewardship of capital assets. With respect to the financial aspects, guidance should be provided on the minimum dollar amount and minimum useful life for an item to be capitalized as a capital asset. Stewardship issues include the physical custody of capital assets.

Recommendation

We recommend that the Village adopt a capital asset policy, which addresses both financial, and stewardship issues. As part of developing the capital asset policy, a review of the current capitalization amount and estimated useful life should be performed for both financial reporting and stewardship. The capital asset policy should also establish standard depreciation methods and useful lives to be applied to specific categories of assets. With respect to stewardship, the policy should address location of assets, tagging, physical access and security and frequency of periodic inventories. Once the policy has been established, we recommended the Village undertake a complete inventory and valuation of capital assets to create detail capital asset records that are in compliance with the new policy. Additionally, as part of this process we recommend land be inventoried and valued at its estimated fair value on the date donated.

Managements' Response

Management acknowledges this comment and will work to correct it in the coming year.
