

Unemployment ID Scams on the Rise....

Several of our residents have reported receiving unemployment debit cards that they did not apply for. Unfortunately, the Burr Ridge Police Department does not have the ability to investigate complaints related to unemployment fraud. The cases are investigated internally by IDES (Illinois Department of Employment Security) and they will not release any information regarding these cases to any outside law enforcement agency.

If you believe your identity has been used to fraudulently apply for unemployment benefits, please contact IDES Fraud Reporting at (877) 566-6230 (select option 2).

As always, we will continue to receive and investigate reports of identity theft unrelated to unemployment fraud. For more information regarding ID Scams, click [here](#).
